

EA Alert Dated: 5 July 2016

EA Alert: EA Enforcement Report 2015

We are pleased to share with you an annual enforcement report of the employment agency (EAs) landscape. This report highlights common offences that EAs should pay attention to, through statistics and case studies. We hope this will help EAs to be more aware of how to prevent such offences, and to play your part to achieve a better regulated EA landscape for all.
