

iReport is undergoing a facelift to WSH Incident Reporting eService

On 8 Aug 2017, we are launching our revamped iReport to offer a better user experience.

What is new?

Users will be able to do more in this new eService

CorpPass Login

Allows companies to have greater control over employee access to iReport

Dashboard

Manage all your incident reports in one place

Resources

Useful Links & Info-maps on work injury compensation

New look and feel

Better design based on needs of users

More new features are coming up!

- User can check work injury claims status from dashboard
- Expanded list of body part and injuries selection

How to submit?

Step 1: Login

- Create incident report
- Select your role and the type of incident to be reported

Step 2: Go to Dashboard

Use CorpPass ID

- Upload supporting documents
- Please upload these documents before application:
1. Injury report
 2. Medical leave certificate
 3. Medical certificate
 4. Company investigation report
 5. Medical bill/invoice
 6. Other relevant documents

Step 3: Submit report & upload document

Give details of incident, injured person (if any) and supporting documents

Step 4: Get acknowledgement

Your report has been successfully submitted
