

TIONG SENG CONTRACTORS (PTE) LTD

Established in 1959, Tiong Seng Contractors (Pte) Ltd is a leading Singapore contractor registered with BCA, under the highest financial grade of A1 for both Civil Engineering and General Building Construction. Over the years, the company has developed its core competencies and acquired valuable expertise and experience in its field and successfully completed a wide range of projects including Hotels, Mixed Developments, Residential, Institutional, Industrial, Landed Housings, Deep Tunnel Sewerage Systems, Road works and Flyovers in Singapore and the Asia Pacific.

Commitment Towards Safety and Health

The company's Mission Statement is to be a leading provider of safe and quality products and services for all types of developments in the construction industry. Tiong Seng Contractors (Pte) Ltd believes that "Safety starts from Planning" and strives at finding new ways to create value and earn trust based on integrity and experience. The company's strong EHS corporate culture, knowledge and expertise, technical skills, system and calibre of its human resources are the combined factors that make them unique.

Its strong commitment towards excellence in Integrated Construction Safety, Quality and Productivity has also earned Tiong Seng Contractors (Pte) Ltd the reputation for being a reliable and efficient builder. The company is ISO 9000, ISO 14000 and ISO 18000 accredited and has achieved excellent safety records for its commitment towards Occupational Health and Safety Management in its Parc Emily project since the project start in February 2005. This is also reflected in its achievement of more than a million accident-free manhours without any reportable accidents for the year 2005.

Workplace Safety and Health Culture

The blend of distinct corporate culture and dynamic site management team to pursue continuous improvement has won its Parc Emily project numerous Environmental, Health and Safety (EHS) related Accolades including the prestigious UK Royal Society for the Prevention of Accidents (ROSPA) Award in year 2005. The project was also awarded the BCA's Construction 21 Best Practice Award and PUB's Friends of Water Award in year 2006 for its excellent Environmental Awareness and Effort in Waste Water Recycling for Construction usage and Effective Silt Management.

On top of this, the project was conferred the Silver Award in the recently concluded Innovation for Occupational Safety and Health Awards 2006 organised by the Ministry of Manpower for

rewarding worthy Contractors who have achieved commendable innovative work approaches towards Safety solutions.

Constant Improvements

The company has also recently invested heavily in updating and enhancing its current pool of equipment and resources to further elevate its Safety and Competitive edge to new heights. Specially imported modular falsework systems were introduced in all its project sites to offer a clean and safe work environment for its Staff, building partners and alliances. In all, Tiong Seng Contractors (Pte) Ltd commits to continue to excel in its Integrated EHS Management capabilities by value-adding and continuing its strong culture of 100% effort in Safety, Quality and Productivity!
