

Updated as at 09 Jun 09

Explanatory Notes for the EA Directory:

All computation of information in the directory is based on the existing EA licenses which are valid as at 9 Jun 09. EA licenses which have expired/been surrendered/terminated/revoked on or before 9 Jun 09 will not be reflected in this list of directory.

1. EA Placement Volume

"EA placement volume" is defined as the number of Foreign Domestic Workers (FDWs) with work permit issued and were placed to employers by the respective EA in the preceding 12 calendar months (i.e. between Jun 08 - May 09). The placement volumes of EAs are grouped into the following five bands with their current ranked percentile range (as per table below). Please note the calculation of the placement volume is based on the existing EA license issued (i.e. license which is valid as at 9 Jun 2009)

Placement Volume band	Ranked Percentile
> 250	86th to 100th Percentile
101 – 250	64th to 85th Percentile
20 – 100	32th to 63th Percentile
1 - 19	14th to 31st Percentile
0	1st to 13th Percentile

Illustration: An EA who has placed more than 250 FDWs in the last 12 calendar months is ranked between 86th to 100th percentile, which is within the top 14% of EAs (with valid EA License as at 09 Jun 2009), in terms of placement volume

2. EA Retention Success Rate

The "EA retention success rate" is defined as the percentage of FDWs that were placed by the EA successfully (on or after 1 Jan 2004) and had stayed with the same employer for at least 365 days. Please note the calculation of the EA's retention success rate is based on the successful placement volume (made on or after 1 Jan 2004) under the existing EA Licence. For example, any EA license, which is valid as at 09 Jun 2009, will be included in the tabulation. A retention success rate of 50% means that on average, 1 in 2 FDWs placed by the EA stayed with the same employer for at least 365 days after placement.

The retention success rates of EAs are grouped into the following five bands with their current ranked percentile range.

Retention Success Rate	Ranked Percentile
> 65%	88th to 100th Percentile
51 - 65%	55th to 87th Percentile
35 - 50%	35th to 54th Percentile
1 - 34%	21st to 34th Percentile
0%	1st to 20th Percentile

Illustration: An EA placed 10 FDWs on and after 1 Jan 2004. As at 09 Jun 2009, 8 of the 10 FDWs had remained in employment with their official employer for at least 365 days. The retention successful rate will be 80% (i.e. > 65%). This EA will be ranked in between 88th to 100th percentile (top 12%) of the EAs (of licenses are valid as at 09 Jun 2009) in terms of retention success rate.

3. EA Entry Test Passing Rate

The EA entry test passing rate reflects the percentage of FDWs, placed by an EA (of which license is valid as at 09 Jun 2009), who have passed the entry test between 01 Jun 08 - 31 May 09. For example, a passing rate of 50% means that on average, 1 in 2 FDWs placed by the EA who have passed the entry test between 01 Jun 08 - 31 May 09. If an EA scores "N.A." in this category, it means that the EA has not sent any first-time FDWs to sit for the entry test between 01 Jun 08 - 31 May 09.

The passing rate of EAs are grouped into the following six bands, with their current ranked percentile range.

Passing Rate (%)	Ranked Percentile
100%	79th to 100th Percentile
75 - 99%	22th to 78th Percentile
50 - 74%	17th to 21st Percentile
25 - 49%	No EA is ranked within this range
1 - 24%	No EA is ranked within this range
0%	1st to 16th Percentile

Illustration: An EA had sent 10 FDWs for the 1st time FDW entry test between 01 Jun 08 - 31 May 09. Out of the 10 FDWs, 8 passed the test. The EA Entry Test Passing Rate will be 80%, which falls within the category of "75-99%". This rate is ranked within the 22th to 78th percentile of the EAs (of licenses are valid as at 09 Jun 2009) in terms of entry test passing rate.

4. Accreditation Body

EAs placing foreign domestic workers (FDW) are required to be accredited if they have been in operation for more than one year. Please note that FDW-placing EAs are not required to be accredited in their first year of operations. These EAs are labeled "Not Accredited".

5. Licence Expiry Date

Employment Agency (EA) licences are granted for one year. EAs may apply to renew their licence prior to the expiry date.

6. Demerit Points

The demerit points system was introduced on 1 Feb 06. Demerit points are issued to EAs when the EA infringes the Employment Agencies Act, Rules or Licensing Conditions, and the demerit points are valid for a period of 6 months from the date they were administered. EAs which accumulate 12 or more demerit points at any point in time would be placed on MOM's surveillance. These EAs have been warned that further infringements may lead to licence revocation.

7. Next Update

The next update to this directory will be made in Aug 2009.
