

## Protect Yourself And Your Loved Ones Against COVID-19

You are strongly encouraged to take the COVID-19 vaccine to avoid severe illnesses or death.

Walk into any of the Vaccination Centres to get your vaccination without the need to make any appointment.

Visit [www.mom.gov.sg/vaccination-did-you-know](http://www.mom.gov.sg/vaccination-did-you-know) for answers to common questions on COVID-19 vaccination.

### Did you know?

More than 8 in 10 people in Singapore have already been vaccinated.

Don't wait to protect yourself and your loved ones against the COVID-19 virus.

If you are already vaccinated back in your own country, do seek the assistance of your employer or employment agency to update your vaccination record in Singapore.
