

UPDATED SAFE MANAGEMENT MEASURES FROM 26 APR 2022

Removal of Vaccinated-Differentiated Safe Management Measures

- You will need to be fully vaccinated if you are participating in activities that are considered high-risk settings (e.g. attending events with more than 500 participants, eating or drinking at food and beverage establishments such as canteens or beer gardens)

Group sizes

- No group size limit
- Safe distancing not required

Community visit

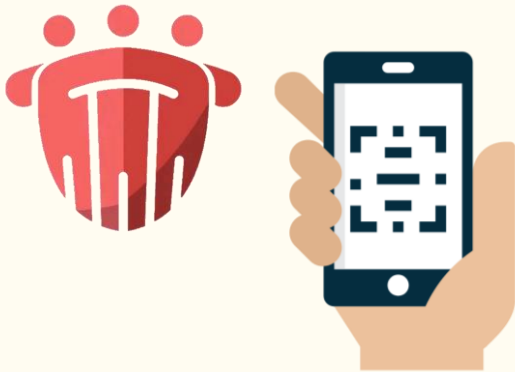

- Allowed for all workers
- No need to take ART to visit the community
- All workers will need to apply for an Exit Pass to visit the community

Recreation Centre (RC) visits

- Exit Pass not required to visit the RCs
- You may visit the RCs at any time
- No ART required

TraceTogether and Safe Entry

- Not required to check in using the TraceTogether token or mobile application unless for high-risk settings
- Do not delete the mobile application or throw away the token

Mask-wearing

- Mask-wearing will still be required for indoor settings (e.g. minimarts, gyms, lifts, canteen, communal cooking facilities) except in dormitory rooms

Masked and unmasked sports activities

- No group size limit
- No capacity limit
- Masks will be required for indoor sports facilities unless performing strenuous exercises
