

CPF LIFE Plan with Escalating Payouts

In future, you will have another option for your CPF LIFE plan.

This new plan will help those concerned about rising cost of living in retirement.

For the same amount of CPF savings put in, you will **start with a lower amount** than a CPF LIFE plan with level payouts (Standard or Basic Plan). It will increase at 2% per year.

example

Here's the difference between the default CPF LIFE Standard Plan and CPF LIFE plan with Escalating Payouts, if you had set aside the Basic Retirement Sum (currently \$80,500) at age 55:

CPF LIFE plan	Your monthly payouts
Level payouts (Standard plan)	\$720 from age 65 for life
Escalating Payouts	\$560 at age 65, increases at 2% per year

Regardless of which plan you choose, if you would like a **higher starting amount**, you can:
