

RECOMMENDATIONS OF THE TRIPARTITE CLUSTER FOR FOOD SERVICES INDUSTRY ON THE REVIEW OF THE PROGRESSIVE WAGE MODEL FOR THE FOOD SERVICES SECTOR

1. OBJECTIVE

- 1.1 This report outlines the recommendations of the Tripartite Cluster for Food Services (TCF) industry following its review of the Progressive Wage Model (PWM) for the food services sector, comprising both Quick Service and Full-Service food establishments as well as caterers and central kitchens.
- 1.2 The members of the TCF are listed in [Annex A](#).

2. BACKGROUND

- 2.1 On 15 February 2023, the TCF had put forth its recommendations to introduce a PWM for the food services sector which was accepted by the Government. The Food Services PWM was implemented on 1 March 2023 and enforced through employers' eligibility to mainstream work passes (i.e. Work Permit, S Pass, Employment Pass).
- 2.2 The Food Services PWM applies to all full-time and part-time resident (i.e. Singapore Citizens and Permanent Residents) food services employees on a contract of service, working in a premise that has a Singapore Food Agency (SFA) Food Retail or Food Processing (Central Kitchen) licence, and employed by a firm that hires foreign workers on mainstream work passes. Such food retail establishments include restaurants, cafés, snack counters, eating houses, mobile food wagons, supermarkets, food caterers and food stalls in food courts and coffeeshops.
- 2.3 As of December 2024, there are approximately 53,912¹ food retail establishments in Singapore holding various SFA licences. Approximately 111,600 resident employees are employed in the Food Services² sector, constituting 5.5% of all resident employees in Singapore.
- 2.4 Details of the first TCF recommendations report can be found at www.ntuc.org.sg/pwm.

3. REVIEW OF THE FOOD SERVICES PROGRESSIVE WAGE MODEL

- 3.1 The Food Services PWM was implemented on 1 March 2023 with a 3-year wage schedule valid until 28 February 2026. A new term of TCF was convened in April 2025 comprising industry stakeholders representing the diverse sub-sectors within the industry, unions and relevant government agencies.

¹ Source: <https://www.singstat.gov.sg/publications/reference/ebook/industry/food-establishments>

² Data pertain to all resident employees in the food & beverage services industry, including resident employees who may not be in Food Services-related job roles (e.g. administrative support roles).

- 3.2 As part of its terms of reference, the TCF carried out a review of the PWM and assess its impact on the industry. Several rounds of consultation were conducted to review the job descriptions, training requirements and wage schedule for the food services industry. Ground feedback and suggestions from both the employers and unions were gathered and taken into account during the review and wage negotiations were intense and robust. In addition, a survey with 300 food services workers was conducted from October 2025 to December 2025 to gather insights from workers' perspectives.
- 3.3 While the food services sector navigates itself in the current uncertain economic climate and faces high operating costs, many employers highlighted the perennial challenge of attracting locals to the industry. This has led to very lean operational team and workers having to put in long hours to fulfil business needs.
- 3.4 Employers had also raised concerns on maintaining wage parity with other employees in their company and requested for sufficient lead time to adjust to the new wage schedule. Many employers had reflected that they employ workers covered under several PWM sectors and Occupational Progressive Wages (OPW) (e.g. dishwashers, drivers, administrators), and suggested aligning the implementation timeline of the next wage schedule with the majority of PWM sectors for more efficient HR administration.
- 3.5 The TCF has carefully considered the feedback and suggestions from various stakeholders, and has adopted a pragmatic approach that balances business sustainability with workers' welfare. The TCF recommendations are summarised as follows:
- (a) **Implementation Timeline:** The TCF has taken into consideration of the challenges that the sector is facing, hence to cushion the impact and to provide sufficient lead time for employers to plan their manpower budget and comply with the PWM wage requirements, as well as for better alignment of implementation timeline with other PWM sectors and OPW, the TCF recommends that the new Food Services PWM wage schedule shall take effect from 1 July of each year from 2026 onwards.
 - (b) **PWM Career Ladder:** As the industry continues to leverage technology-enabled solutions and job redesign to improve productivity, the TCF had reviewed the job descriptions of the various PWM job roles and proposed refinements to provide greater clarity and better reflect evolving industry needs and consumer expectations.
 - (c) **PWM Skills Ladder:** The TCF has taken in requests from employers and recommends the inclusion of qualifications attained from Institutes of Higher Learning (IHLs) and Private Education Institutions (PEIs) that were registered with Skillsfuture Singapore (SSG) or Ministry of Education (MOE). As workers with such qualifications would have attained the requisite knowledge and abilities to handle a variety of food services operations, the TCF recommends that the endorsed IHL and PEI qualifications be recognised as meeting the minimum training requirement of two Workforce Skills Qualification (WSQ) training modules including the mandatory Food Safety and Hygiene course. In addition, the TCF also endorses an expanded list of WSQ modules with relevant Technical Skills & Competencies (TSCs) for the various PWM job roles.

- (d) **PWM Wage Ladder:** The TCF recommends a 3-year schedule of wage increases to the PWM Baseline Gross Wages (excluding overtime pay) from 1 July 2026 to 30 June 2029. To continue safeguarding overtime pay, the TCF sets out a list of Gross Wage Requirements for each overtime hour worked for each of the PWM job role.

3.6 The TCF recommendations are elaborated in the following sections.

4. PWM CAREER LADDER – REVIEW OF JOB DESCRIPTIONS

- 4.1 In reviewing the job descriptions of the various PWM job roles, the TCF had made reference to the Food Services Jobs Transformation Map (JTM) which examines how emerging trends and technologies are reshaping the sector. The JTM highlights the most impacted job segments and provides insights to build a future-ready workforce equipped with the skills and capabilities needed to thrive in an evolving industry landscape.
- 4.2 The TCF acknowledges the diversity within the food services industry given that there are different business models and operational requirements. For each PWM job role under the two categories, i.e. Category A for Quick Service Establishments and Category B for Full-Service Establishments, Caterers and Central Kitchens, the TCF had made refinements to the respective job descriptions after validating with the industry stakeholders.
- 4.3 The TCF would like to remind employers to declare their workers' job role accurately in the Occupational Employment Dataset (OED) based on the job descriptions. Regardless of the job title/designation used at the company level, employers should map against the job descriptions to determine the correct PWM job role.
- 4.4 The updated job descriptions for the Food Services PWM job roles are detailed in Annex B.

5. PWM SKILLS LADDER – EXPANDED LIST OF TRAINING MODULES AND RECOGNITION OF IHL AND PEI QUALIFICATIONS

- 5.1 The TCF had previously recommended a total of two (2) WSQ modules as the minimum mandatory training requirements for all Food Services PWM job roles, except for Senior Cook and Manager. As the latter two job roles are of senior positions, the TCF had provided the flexibility for employers to determine the relevant training for these positions. However, employers are encouraged to refer to the endorsed WSQ modules as a guide.
- 5.2 To better cater to the diverse operational needs of the Food Services sector, the TCF recommends expanding the list of WSQ modules which are mapped to the TSCs from the Food Services Skills Framework (SFw). TCF has added 53 TSC codes ranging from proficiency levels 1 to 3 to cater to the various job roles.

- 5.3 For employers that are Registered Training Providers (RTPs) with SSG, the TCF is supportive that the in-house WSQ modules with prefix “FSS” in its TSC code would continue to be recognised as an approved training module.
- 5.4 The TCF has also reviewed the list of qualifications conferred by IHLs and PEIs registered with SSG or MOE. As the course curriculum offered at these IHLs and PEIs would have comprehensive coverage of the requisite skillsets for anyone who wishes to pursue a career in the food services industry, the TCF is of the view that the graduates of such qualifications should be deemed competent and knowledgeable to undertake the job roles under the Food Services PWM career ladder. Hence, the TCF recommends that the endorsed IHL and PEI qualifications be recognised as meeting the minimum training requirement of two WSQ training modules including the mandatory Food Safety and Hygiene course.
- 5.5 The list of endorsed WSQ training modules and registered IHL and PEI qualifications is detailed in Annex C. The TCF will periodically review the list to ensure continued relevance and alignment with industry transformation.

6. PWM WAGE LADDER – SCHEDULE OF WAGE INCREASES WITH EFFECT FROM 1 JULY 2026

- 6.1 Through the various rounds of stakeholder engagement and focus group discussions, the TCF has noted the current challenges and uncertainties confronting the industry in the years ahead. The key considerations are:
- a) Escalating operating costs: Global supply chain disruptions and geo-political uncertainties have driven up cost of goods and logistics cost. Rental, labour, utilities, overheads are among other costs that add further strain to profit margins, especially to small and medium-sized establishments.
 - b) Labour shortage and staff retention: The sector continues to face difficulty attracting and retaining local workers due to the physically demanding work conditions, long hours, and weekend shifts. With a tight labour market, businesses face pressure to maintain service standards while managing customers’ expectations.
 - c) Labour intensive operations: While companies are able to tap on various government grants for job redesign and adoption of technology, the sector continues to rely heavily on manpower for its operations and customer service.
- 6.2 Despite these challenges, the TCF is committed in its efforts to uplift the industry and improve the welfare of food services workers. The TCF is appreciative of the various support schemes provided by the Government such as the Progressive Wage Credit Scheme (PWCS) which helped employers cushion the impact brought on by the introduction of the PWM. Employers hope that such wage support can be further extended beyond 2026 to help the industry brave the headwinds in the near term.
- 6.3 After careful consideration, the TCF recommends aligning the implementation timeline for each year’s wage adjustments to be **from 1 July**, starting from year 2026.

- 6.4 In determining the annual increments to the PWM Baseline Gross Wages, the TCF aimed to support food services lower-wage workers in gaining ground with the median wage level while bearing in mind the challenges ahead. The TCF eventually achieved consensus and recommends a three-year wage schedule to give certainty to both employers and workers. The TCF hopes that more jobseekers would consider joining the food services industry as it offers not only wage progression but also skills upgrading and career advancement opportunities.
- 6.5 The TCF recommends an annual increment of at least \$140 for all PWM job roles. For the job role of Waiter Supervisor, the TCF recommends a slightly higher increment to account for its higher job responsibilities and complexity. The TCF would like to encourage employers who have done well to consider higher wage increments for food services workers.
- 6.6 The following table summarises the recommended Food Services PWM Baseline Gross Wages (excluding overtime payment) from **1 July 2026 to 30 June 2029** to applicable resident³ workers in the Food Services sector:

Category A: Quick-Service (QS) Food Establishments and Supermarkets (with ready-to-eat food stations)

	Hourly Gross Wage*	\$14.32	\$15.08	\$15.84	\$16.60

* Hourly Gross Wage is applicable to part-time workers who work less than 35 hours a week

³ PWM Baseline Gross Wages are applicable to Singapore Citizens and Permanent Residents only. For foreign manpower, employers are encouraged to adopt the key principles of progressive wages in their wage structure, considering other cost components such as accommodation and levies.

- 6.7 To continue safeguarding workers' interests when they are required to put in overtime hours, a set of Gross Wage Requirements is stipulated to determine the hourly gross wage payable for each additional hour worked beyond 44 hours a week. This additional PWM wage requirement for overtime work would only apply to workers who are covered under Part 4 of the Employment Act (EA). In addition, employers must also adhere to the overtime requirements under Part 4 of the EA, whereby the overtime rate of pay of at least 1.5 times of the basic rate of pay continues to apply.
- 6.8 Please refer to Annex D for the detailed gross wage schedules which show the required PWM gross wages inclusive of different overtime hours worked in a month.
- 6.9 Food establishments that are not allowed to hire foreign workers on mainstream work passes, such as individually operated food stalls (e.g. hawker stalls, coffeeshop stalls or food court stalls where the Food Stall licensee does not also hold a Food Shop licence⁴), the vast majority of which are small firms, will be exempted from the Food Services PWM requirements. Nonetheless, they are encouraged to adopt the Food Services and other PWM requirements, and pay at least the LQS to uplift their lower-wage workers. This will also allow them to be eligible for the Progressive Wage (PW) Mark accreditation⁵, to demonstrate their commitment as a progressive employer and benefit from greater visibility and support from end consumers.
- 6.10 The TCF will undertake a review of the PWM in 2028.

7. WHOLE OF SOCIETY EFFORT IS ESSENTIAL TO UPLIFT LOWER WAGE WORKERS

- 7.1 The Food Services industry forms a vital part of Singapore's economy and lifestyle, providing essential services and contributing to our reputation as a food paradise. Behind every dining experience is a team of dedicated workers who ensure food safety and quality under physically demanding conditions. It is important to recognise their contributions and accord them the respect they deserve.
- 7.2 The TCF reaffirms its commitment to uplift lower-wage workers through sustainable wage progression despite the challenging business operating environment. By recommending mandatory annual wage increments across PWM job roles, the TCF seeks to narrow the income gap and support workers in earning better wages. In this regard, the TCF hopes that more Singaporeans would consider the food services sector a career of choice as it assures workers of job security and better work prospects.

⁴ For example, coffeeshop stalls or food court stalls that are not run by a Food Shop licensee such as an overall operator of a coffeeshop or a food court.

⁵ Eligible firms may apply for the PW Mark on <https://gobusiness.gov.sg>

- 7.3 The TCF also encourages food establishments to tap on the various support schemes such as the SkillsFuture Workforce Development Grant⁶, the NTUC Company Training Committee (CTC) Grant⁷ and Workfare Skills Support⁸ to transform their business operations and enhance workforce capabilities.
- 7.4 The TCF also urges Food Services workers to embrace lifelong learning and upskilling to stay relevant and enhance their professionalism. With better skills and varied experiences, workers can contribute to a resilient and productive workforce that supports business growth.
- 7.5 Lastly, whole-of-society efforts are essential and critical for the betterment of our essential workers. The TCF would like to call upon end consumers to lend their support by valuing the work of food services employees and showing graciousness when patronising food establishments. Together, we can uplift the livelihoods of lower-wage workers and contribute to a vibrant and productive food services industry.

~ End ~

⁶ The SkillsFuture Workforce Development Grant (WDG) which includes the redesigned SkillsFuture Enterprise Credit (SFEC) brings together existing Government workforce transformation schemes, will be progressively rolled out in 2026. More information is available via grants.gobusiness.gov.sg.

⁷ The NTUC CTC Grant supports companies that have set up CTCs to implement business and workforce transformation plans that lead to better business and worker outcomes. Companies can tap on funding support of up to 70% of qualifying costs for each transformation project by sending in their applications to NTUC's e2i (Employment and Employability Institute) at <https://e2i.com.sg/ctc/>. For non-unionised company, they may visit trainandtransform.ntuc.org.sg to form a CTC.

⁸ The Workfare Skills Support (WSS) scheme provides training support for lower-wage workers and their employers. Eligible lower-wage workers can receive a training allowance to defray the opportunity cost of training, and employers of lower-wage workers can receive absentee payroll. More information is available via <https://go.gov.sg/wss-info> and <https://go.gov.sg/wss-level-up>.

ANNEX B: PWM CAREER LADDER – COVERAGE OF FOOD SERVICES JOB ROLES AND DESCRIPTION OF DUTIES AND RESPONSIBILITIES

For Employers:

- MOM requires employers to declare which PWM job role their food services worker(s) are working in based on the corresponding job descriptions below. The declaration can be done via the Occupational Employment Dataset (OED) (<https://stats.mom.gov.sg/laboursurvey>).
- If a worker performs multiple job roles, e.g., food services and delivery functions, and spends majority (i.e. more than 50%) of his/her working time in the food services job function, he/she should be classified as a food services worker and be paid the applicable PWM wage.

For Food Services Workers:

- MOM has developed a portal for workers to check if their employer has accurately declared their PWM job role in OED and paid them the correct salary. The portal is accessible at www.go.gov.sg/pw-portal using Singpass to log in.
- Workers who require further assistance may contact MOM at tel: 6320 7722 (Mon-Fri, 8.30am-5.30pm) or email MOM_OED@mom.gov.sg.

The **Food/Drink Stall Assistant** prepares and/or serves simple food/drink items from food/drink counters or steam tables in food stalls (generally refers to coffeeshops, food courts, and applies to some fast-food outlets).

Duties may include:

- Prepare simple food/drinks (toasting, reheating, steaming, and mixing drink ingredients).
- Serve food/drinks to customers where applicable.
- Package food/drinks for takeaway.
- Take customer orders and communicate orders to the kitchen – may be done manually, or through Point of Sale (POS) systems and other software.
- Collect payment from customers and perform other cashiering duties (e.g. issuing refunds).
- Check inventory (e.g. ensure sufficient stock of ingredients and drinks) and raise inventory orders when needed.
- Clean food preparation areas, equipment, cutlery, and crockery, and adhere to food safety and hygiene practices.

Examples: Food court stall assistant / stall helper, coffeeshop stall assistant, runner etc.

The **Food Service Counter Attendant** prepares and/or serves simple food/drink items from food/drink counters or steam tables in food shops (generally refers to fast food outlets, food kiosks, ready-to-eat stations at supermarkets).

Duties may include:

- Prepare simple food/drinks (e.g. toasting, reheating, steaming, mixing, assembling) according to the establishment's standard recipes and operating procedures, where applicable.
- Serve food/drinks to customers' tables, where applicable.
- Package food/drinks for takeaway.
- Take customer orders and communicate orders to the kitchen – may be done manually, or through Point of Sale (POS) systems and other software.
- Respond to customer enquiries and provide information on food/drinks (e.g. ingredients, dietary allergens, recommendations).
- Collect payment from customers and perform other cashiering duties (e.g. issuing refunds).
- Handle commercial- or industrial-grade equipment (e.g. coffee machines, deep fryer, griddles), where applicable.
- Manage online orders (e.g. made via digital platforms).
- Check inventory (e.g. ensure sufficient stock of ingredients and drinks) and raise inventory orders when needed.
- Clean food preparation areas, equipment, cutlery, and crockery and adhere to food safety and hygiene practices.

Examples: Fast food service crew, food kiosks counter attendant, bubble tea service crew, salad counter server, roast grill counter attendant

The **Kitchen Assistant** handles basic food preparation and adheres to food safety and hygiene practices.

Duties may include:

- Prepare ingredients for cooking according to the establishment's standard recipes and operating procedures, where applicable (e.g. washing, peeling, chopping, measuring, mixing, kneading).
- Portion, assemble and/or package menu dishes and other food items.
- Process new inventory items (e.g. receive stock, store and pack) and inventory checking (e.g. ensure sufficient stock of ingredients for a shift).
- Assist Cook/Senior Cook, Manager and/or other supervisors in process improvement reviews.
- Clean food preparation areas, kitchen stations, equipment and cookware.
- Adhere to organisation's Workplace Safety and Health (WSH) policies and procedures.
- Follow the organisation's food waste management Standard Operating Procedures (SOPs).
- Operate food preparation equipment where applicable.

Examples: Kitchen assistant, kitchen crew, bakery assistant

Applicable to Category A: Quick-Service Food Establishments & Supermarkets (with ready-eat stations)

Additional Duties

- Prepare food items for ready consumption (e.g. cooking, toasting, reheating).
- Provide counter service (e.g. greet customers, recommend food items), where needed.
- Collect payment from customers and perform other cashiering duties (e.g. issuing refunds, stamping of loyalty and membership cards), where needed.
- Package food/drinks for takeaways

Applicable to Category B: Full-Service Food Establishments, Caterers & Central Kitchens

Additional Duties

- Assist in cooking and plating of menu dishes according to the kitchen manual, where applicable.

The **Cook** supports the preparation of menu dishes and adheres to food safety and hygiene practices.

Duties may include:

- Assemble ingredients and/or kitchen equipment prior to preparation of menu dishes, according to the establishment and/or Senior Cook's requirements, where applicable.
- Apply culinary techniques to prepare food according to the establishment's standard recipes and operating procedures, where applicable.
- Ensure appropriate portioning and serving size for waste control.
- Supervise work output of Kitchen Assistants, where applicable.
- Maintain cleanliness of kitchen stations and upkeep of cooking equipment.
- Adhere to organisation's Workplace Safety and Health (WSH) policies and procedures.
- Operate food preparation equipment where applicable.

Examples: Commis chef, line cook

Applicable to Category A: Quick-Service Food Establishments & Supermarkets (with ready-eat stations)

Additional Duties

- Prepare batches of food that are cooked to order, or kept warm until ordered and sold, where applicable.

Applicable to Category B: Full-Service Food Establishments, Caterers & Central Kitchens
Additional Duties

- Follow the Senior Cook's instructions for the preparation of menu items and meeting of other operational needs.
- Support compliance with food safety and sanitation requirements, in areas such as product rotation, temperature maintenance, storage procedures, and food handling techniques (where applicable).

The **Senior Cook** directs and manages the preparation of menu dishes at one or more kitchen stations, and adheres to food safety and hygiene practices.

Duties may include:

- Coordinate and manage food preparation at a kitchen station.
- Apply culinary techniques to prepare food according to the establishment's standard recipes and operating procedures, where applicable.
- Plate menu dishes prior to service.
- Support the Sous Chef and Head Chef in the development of new menu dishes.
- Monitor and guide Kitchen Staff in appropriate portioning and serving size for waste control.
- Assist and support in recording supplies as well as food handling & storage practices.
- May supervise and guide one or more Kitchen Assistants, Cooks, and/or other Kitchen Staff, where applicable.
- Maintain cleanliness of kitchen stations and upkeep of cooking equipment.
- Oversee kitchen staff's compliance with organisation's Workplace Safety and Health (WSH) policies and procedures.

Examples: Chef de partie, station chef

The **Waiter** attends directly to customers' needs and supports customer-facing operations.

Duties may include:

- Prepare tables for service (e.g. clear used cutlery and crockery, wipe down tables, lay out fresh linens and cutlery, refill condiments).
- Greet walk-in customers and escorting them to their tables.
- Respond to customer enquiries and take reservations over telephone.
- Present menu to customers at their table and provide menu information (e.g. ingredients, dietary allergens, menu recommendations).

- Present menu to customers at their table and provide menu information (e.g. ingredients, dietary allergens, menu recommendations).
- Serve food/drinks from kitchen to customers.
- Coordinate, manage and/or train Waiters and other customer-facing employees (if any) (e.g. how to welcome customers, manage customer queries, provide menu recommendations).
- Supervise customer interactions and intervene where necessary (e.g. resolve conflict, respond to emergency, respond to customer complaint and feedback).
- Engage customers to gather feedback and escalate issues where necessary.
- Escalate feedback on current work process and procedure for continuous improvement activities.
- Adhere to organisation's Workplace Safety and Health (WSH) policies and procedures.
- Ensure compliance with regulations (e.g. SFA licensing conditions), as well as establishment's own service protocols and standards (if any).
- Schedule working shifts of Waiters and other customer-facing employees (if any) based on operational needs.
- Manage payroll and manpower budget for Waiters and other customer-facing employees.

Example: Waiter supervisor, F&B supervisor, Head waiter

The **Manager** bears overall responsibility for the profitability of the establishment, and oversees all of the establishment's operations, i.e. both customer-facing and back of house activities (e.g. kitchen, inventory management).

Duties may include:

- Plan, organise, and direct an establishment's operations.
- Support back of house activities and other operational support functions (e.g. customer service, shift scheduling, cashiering, closing of till, ordering inventory, office paperwork).
- Manage inventory, resource requisitions and purchases.
- Oversee staff recruitment and training.
- Implement strategies to boost staff attitudes, morale and motivation.
- Maintain food standards and quality control.
- Analyse establishment's performance and review operational processes to identify opportunities for innovation and/or application of technology, as well as improvement of work practices.
- Develop and implement strategies to achieve sales targets, tailored to customer profiles.
- Submit proposals to Management on improvements to the establishment (e.g. process improvement, repair and renovation).
- Monitor team's adherence with the organisation's Workplace Safety and Health (WSH) policies and procedures.
- Ensure compliance with relevant regulations (e.g. SFA licensing conditions).

Example: Restaurant manager, Outlet manager

ANNEX C: LIST OF APPROVED WSQ TECHNICAL SKILLS AND COMPETENCIES, AND REGISTERED IHL AND PEI QUALIFICATIONS ENDORSED BY THE TCF

- All resident food services workers covered under the Food Services PWM are required to attain at least two (2) WSQ training modules aligned to the endorsed Technical Skills & Competencies (TSCs) based on their job role.
- For Senior Cook and Manager, the TCF recommends that training as per the recommended WSQ module list is encouraged, to give employers the flexibility to train these employees in senior positions according to their own business needs.
- In-house WSQ modules with the prefix “FSS” in its TSC code will be recognised as approved training modules under the Food Services PWM.

Under SFA’s regulations, all food handlers are required to complete a mandatory Food Safety Course Level 1 with any SSG Registered Training Provider (RTP).

The TCF may review the list of TSCs and WSQ training modules periodically to ensure relevancy.

Note: Food Services employers are advised to enquire with the RTPs on the availability of courses and training subsidies. Please visit www.myskillsfuture.gov.sg for more details.

ANNEX D: PWM WAGE LADDER FOR FOOD SERVICES SECTOR

- (a) The implementation of Food Services PWM wage requirements will be enforced through employers' eligibility for Work Passes. Employers who hire foreign workers on mainstream Work Passes (i.e. Work Permit, S Pass, Employment Pass) must comply with the stipulated Food Services PWM requirements, as well as any other applicable PWM or LQS requirements, in order to apply for new Work Passes (e.g. Work Permit, S Pass, Employment Pass) or renew existing Work Passes.
- (b) For the purposes of the implementation of Progressive Wages, the **Total Monthly Gross Wage** refers to the sum of the monthly Basic Wage, allowances (including travel, food, housing), productivity incentive payments, and overtime pay, and is before deduction of employee CPF. It excludes bonuses (e.g. Annual Wage Supplement), stock options, reimbursement of special expenses incurred in the course of employment, payments-in-kind as well as employer CPF contributions.
- (c) As the Food Services PWM wages are expressed in gross terms, employers are given the flexibility to incorporate variable wage components (e.g. uniform and shift allowances) to meet the stipulated gross wages.
- (d) For full-time food services workers who are covered under Part 4⁹ of the Employment Act (EA), they are eligible for overtime (OT) payments when the working hours exceed the normal hours of work. The OT rate of pay shall be at least 1.5 times the basic rate of pay as stipulated under the EA.
- (e) As the PWM Wages are expressed in gross terms, a set of Gross Wage Requirements was established to safeguard the interests of full-time workers for the overtime work, i.e. different gross wage thresholds correspond to the OT hours worked in a month. **This additional PWM requirement for overtime work would only be applicable to workers who are covered under Part 4 of the EA.** Even while complying with the PWM requirements for overtime work, employers would also need to continue adhering to the requirements in Part 4 of the EA, as per para (d).
- (f) Part-time workers shall be paid based on pro-rated PWM gross wages. The formula to compute the PWM hourly gross wage for part-timers (who work less than 35 hours a week) is as follows:

$$\text{Hourly Gross Wage for Part-Timers} = \frac{\text{PWM Baseline Gross Wage} \times 12 \text{ months}}{52 \text{ weeks} \times 44 \text{ hours}}$$

⁹ Part 4 of the Employment Act provides for rest days, hours of work and other conditions of service. For employees who are non-workmen, coverage under Part 4 is based on the monthly basic salary threshold as prescribed under the Employment Act (currently up to \$2600). Employers should refer to the latest Employment Act for the applicable coverage.

Please refer to the following wage tables and gross wage thresholds for each of the PWM job role.

Part 4 of the EA stipulates that 72 hours is the maximum OT hours allowed in a given month. For the purposes of the PWM gross wage requirements, overtime hours worked in a month will be rounded down to the nearest whole number. Hence, for an employee who works (for example) 2.8 OT hours in the month, the employer would need to adhere to the PWM Gross Wage Requirement for 2 OT hours in the month.

In addition, Part 4 of the EA for overtime rates of pay to be at least 1.5 times the basic rate of pay continues to apply.

Illustrative example:

In July 2026, the PWM Baseline Gross Wage (i.e. exclude OT) for a **full-time Food/Drink Stall Assistant** is \$2220, which can be made up of Monthly Basic Wage + Variable Payments (e.g. allowances).

Scenario 1: If employee does not work OT

PWM Baseline Gross Wage requirement is **\$2220**.

If the employee's Monthly Basic Wage is \$2100, the variable payments (e.g. allowances) would have to be at least \$120.

Scenario 2: If employee works OT

If employee works 10 OT hours in a month, PWM Baseline Gross Wage requirement is **\$2383** (*refer to Gross Wage Requirements table*).

Assuming the employee's Monthly Basic Wage is \$2100, under the Employment Act Part 4 requirement for OT rate of pay to be at least 1.5 times of Basic Rate of Pay, the OT rate of pay would be at least \$16.52 per hour (\$2100 basic wage x 12 months / [52 weeks x 44 hours] multiplied by 1.5).

With reference to the 10 OT hours in a month, the OT payment would be \$165.20, making a total of \$2265.20 of basic wage and OT payment. This is insufficient to meet the required gross wage threshold for 10 hours of OT, which is \$2383. The employer will need to top up the employee's variable wage components (e.g. allowances) in order to comply with the corresponding PWM Gross Wage Requirement.

Note: If the Monthly Basic Wage is adjusted to at least 93.5% of the PWM Baseline Gross Wage, the corresponding OT rate of pay would naturally fulfil the required Gross Wage Requirements for each of the PWM job role. Hence, no monthly variable top-up would be necessary in this instance.
