

FREQUENTLY ASKED QUESTIONS

1. Will this requirement also apply to S Passes?

There will be no changes to the existing S Pass application process, as S Pass applications are not subject to COMPASS. S Pass applications with declared educational qualifications from institutions not found in MOM's database must continue to be accompanied by verification proof. More details can be found [here](#).

2. Will MOM accept verification proof from background screening companies that are not selected?

No. We will not accept verification proof from background screening companies not listed on the [MOM website](#).

MOM will review the listing of background screening companies on a regular basis. Background screening companies that are not selected can apply to be listed through future selection exercises.
