

# Play your part to update your contact details and report overcrowding

Inform your employer immediately when there are changes to your residential address or contact number so that we can reach you in times of emergency.

Enforcement action will be taken against work pass holders who failed to provide accurate contact information.

Overcrowding may cause potential safety and health concerns.

If there are more than 6 persons staying at your flat or apartment, alert MOM at 6438 5122 or [www.mom.gov.sg/eservices/services/report-an-infringement](http://www.mom.gov.sg/eservices/services/report-an-infringement)
