Stay Safe and Be Socially Responsible

Dear Employer,

As it is important for your foreign domestic worker (FDW) to have sufficient rest, we encourage you to give her one rest day per week. If you are already doing so, we also encourage you to arrange for the rest day to fall on a weekday when public spaces are less crowded. In the past weeks, our safe distancing ambassadors have noticed that FDWs have not been observing safe distancing measures and in some cases, seen to be mingling between groups of friends. Enforcement action will be taken. In our fight against the COVID-19, do remind your FDW to practise the following safe distancing measures and socially responsible behaviours.

Always wear a mask except when eating, drinking or doing strenuous exercises.

Keep at least one metre apart between groups.

There should be no more than five persons in a group and there should be no intermixing between groups.

Avoid gathering at areas such as MRT stations, bus interchanges, bus stops, walkways, overhead bridges and underpasses that may cause public obstruction.

Do not share food amongst her friends.

Do not gather by the roadside for her own safety.

Remind your FDW to download the TraceTogether mobile application or collect her portable TraceTogether token at any Community Centre (CC) open for distribution.

Visit <https://token.gowhere.gov.sg> for the list of CCs.
