

Need Support in Caring for a Senior Loved One Urgently?

Facing various life upheavals, families may require a foreign domestic worker (FDW) to look after their elderly loved ones who are sick or frail. With the Agency for Integrated Care's ElderCarer FDW Scheme, families will have the option to hire an eldercare-trained FDW at selected employment agencies.

FDWs under the scheme will undergo a comprehensive ElderCare training programme. Subsumed under the [Ministry of Manpower's Advance Placement Scheme \(APS\)](#), trained FDWs can also be deployed quickly to households in need of urgent eldercare.

For more information, you may visit www.silverpages.sg/caregiving/elderCarer or call 1800 650 6060.

Hire A Trained Helper To Care for Your Senior

The ElderCarer Foreign Domestic Worker (FDW) scheme allows you to hire a FDW who is pre-trained in eldercare, prior to placement with your family. The FDW will undergo a classroom course and on-the-job training in your home.
